

Carbotex PKW Comfort ES and RS

Switch rectangle

Switch-Console

Switch round

- „The retrofit“ Carbotex Seat-Heater-System gives you all features and quality you would expect from an original equipment installation
- Extremely thin material, therefore an installation under leather is possible without upholstery
- The heating-elements can be trimmed to fit about any seat, also seat grooves can be bridges easily
- Fast and easy fitting with pictogram-instructions (safety instruction in nine languages)
- All switches with status-display, the square switch with night-illumination
- High/low/off heat control via a single 3 position switch
- The Fitting-Console for square switch (separaty available) offers even more fitting possibilities
